Dear Presidents,

The President of the Swiss Federal Court and Vice-President of the Association of Constitutional Courts using the French Language (ACCPUF), Mr. Lorenz Meyer, informed me in my capacity as chairman of the Conference of European Constitutional Courts that during the last Congress of the ACCPUF in Marrakesh a special resolution was adopted: in this resolution all 32 attending constitutional courts expressed their concern over the developments in Romania and their solidarity with the Romanian constitutional judges (justices).

Best regards,
